

Call for Applicants for Photography Short Courses

The Market Photo Workshop is dedicated to the training of new photographers and furthering the practice as a viable career choice in South Africa. The extensive facilities of the Photo Workshop provide the resources to effectively train learners in an engaging and worthwhile manner through the use of our fully equipped studio and darkrooms, state of the art digital/analogue equipment and colour printing facilities.

Our premises located at 2 President Street, Newtown create a stimulating atmosphere for students to work in while providing an opportunity to engage with the urban spaces of Johannesburg directly. The diverse courses we provide cater for every level while our accomplished trainers provide the support needed in learning the skills needed to be a successful photographer. Offering expert guidance and inside perspectives, our trainers steer students toward an excellent work ethic designed to offer them the best possible chance to create a viable income within the field.

The courses offered are Foundation course, Intermediate and Advance training course. These are offered in a full time and part time structure and runs several times a year.

Foundation Course: 23 Jan 2008
Intermediate Course: 23 April 2008
Advanced Course: 3 March 2008

Please visit our website for more details on course dates, costs, course outline and class capacity.
